

Inside Race Committee Training

NHYC has organized a workshop to help all interested parties learn and improve the skills and abilities necessary in running races in the bay.

The Harbor 20 Fleet and the Lehman 12 Fleet have been asked to staff R/C assignments for the Twilights in June, July, & August. Here is an excellent way to learn and sharpen your skills.

Many things have changed with putting on these events and it is a great way to hear about these changes and requirements. The training will include instructions on operating the R/C boat and the group will be spilt up and be geared toward skill levels.

The dates are Sunday mornings, **April 13th & April 27th**, from 10 – 11:30 AM.

Register your interest with Jenn Lancaster at racing@nhyc.org or your Fleet Captain at binkerd@cox.net for Harbor 20s.

We especially request those people who have already taken their turn as R/C to attend in order to share their experience and we would like to encourage other Fleet 1 members who have not yet experienced the thrill of R/C to come join us.

Remember -No RC, no racing!

Please note: Harbor Patrol requirements and sharing of the bay issues are being enforced and monitored. These will be discussed at the training.
