The Racing Rules of Sailing 2009-2012 took effect on January 1, 2009, and were ammended on January 1, 2010. Whether you are already expert or are learning the rules, this seminar will improve your understanding of the complex rules of our game. All of the rules which govern the behavior of boats in close proximity when starting, meeting, rounding marks, and encountering obstructions are covered. Animated slides covering many examples make the rules come to life. Racing sailboats is safer and more fun when everyone knows the rules!
